Building Construction, for Fire Suppression

October 9, 10 & 11, 2009

AT# 05F167

This 2 ½ day course will enhance the skills of emergency response personnel so that they can “read” a building correctly and apply the information to an action plan for an incident. The importance of fire resistance for structural support elements, and the risks associated with performing fire-suppression activities inside and around buildings involved in fire.

6:00 PM – 10:00 PM on Friday, Continues 8:00 AM - 5:00 PM both Saturday & Sunday.

Location = Silverton

Cost = \$75.00

Don Fleck, Instructor

Safety and Health for the Company Officer

Class Revised

November 14, 2009

AT# 09F040

Safety and Health Requirements for the Company Officers is an 8 hr. course designed to introduce the company officer or advanced firefighter to the health and safety needs of today's dynamic, high-energy fire service. Emergency scene and workplace safety is analyzed, initial accident and injury investigations are conducted, infectious disease control programs are evaluated. This course does meet/exceed the requirements for Oregon Fire Ground Leader, Firefighter Safety & Survival and NFPA Fire Officer 1, 4-7 Health & Safety standards. Class is 8:00 AM – 5:00 PM.

Location = Keizer FD

Cost = \$25.00

Sam Phillips, Instructor
